

BOULDER CITY BEERFEST!

PO Box 762, Las Vegas, NV 89125

Office: 702-614-9844

Poster Resizing Instruction!

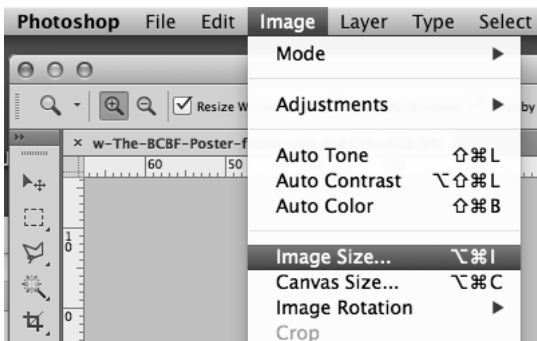

The **Postcard frame**, **Rack Card frame**, **Rack Poster frame**, and the **Poster frame** have all been saved for the web as **72dpi files** to make downloading them to your computer as fast as possible.

If you'd like to use the frames for your poster design at the printing resolution of **300dpi files** follow these steps...

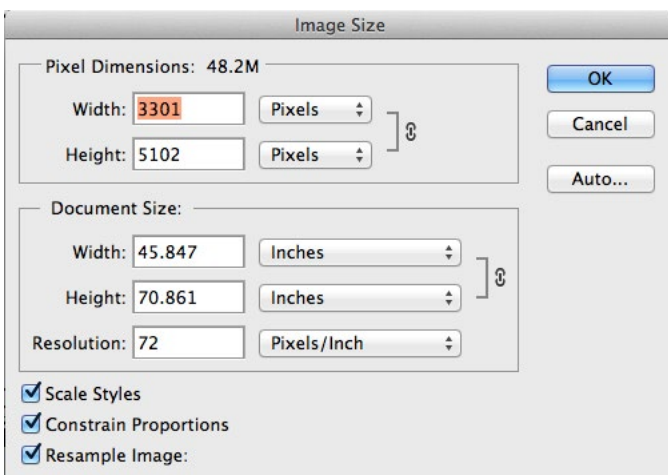

1 - Download the files from the BCBF website to your desktop.

These files all start with a "w" as the first letter in the file's name.

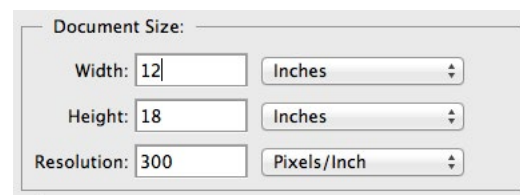

Name w-The-BCBF-Poster-frame-.jpg
Kind JPEG image
Size 1.1 MB

2 - Open the file you want to resize in your photo editing software, then in the image panel choose **Image Size**.

3 - In the Image Size panel change the Resolution to 300 pixels per inch, and then **adjust the Width and Height** to match the size of each print piece.

4 - Click ok. Then as you **Save** the file rename it to make it easier to find for your future use.

To see this year's winning poster and last year's entries visit our website:
www.BoulderCityBeerfest.com

Here are the frame sizes for each file:
BCBF Postcard = 4" x 6"
BCBF Rack Card = 4" x 9"
BCBF Rack Poster = 8" x 18"
BCBF Poster = 12" x 18"
